Programme Notes

Not your typical concert hall/living room/musicians, and nothing we write here will help you to make sense of what you are about to experience. Prepare for exotic rhythms, echoes of Transylvania and Mexico, and most importantly: beware of the dog.

Biography

David and Gabor started off playing shows in early 2017 in Hungary and Romania as a duo. Their repertoire included traditional folk songs from Bulgaria, Turkey, Hungary and was spiced up with some own compositions and some gypsy jazz. Luc joined them and now as a trio they are busy composing new material inspired by the Hungarian Kolinda and the Czech Jablkon.
